Springfield, Nebraska 68059

Re: One & Six Year Plan  
City of Springfield  
Olsson Street Superintendent

Dear Kelly:

Enclosed is the proposed 2024 One & Six Year Plan (Plan) for review and approval at the public hearing to be held on October 3. The Plan remains the same as last year's except the project costs have been updated to reflect current construction costs. The Board can make changes to the Plan at the Hearing if needed.

There is a Resolution for adopting the Plan located at the end of the Plan. Please fill it out completely with the posting information. If you find the Plan acceptable and there are no major concerns brought up at the public hearing, the City Council should adopt the Resolution. The Mayor and you need to sign the Resolution.

Please return one signed copy of the Resolution to our office (mailing label enclosed) along with a copy of the Proof of Publication or email them to Michelle Pietzyk at [mpietzyk@olsson.com](mailto:mpietzyk@olsson.com). Keep the signed Plan and the original Proof of Publication for your records. While you are no longer required to submit your One and Six Year Plan to the State for their approval, you are required to have it on file in the clerk's office. The State can request to see your plan at any time. We recommend keeping your One and Six Year Plans, Proof of Publications and Income/Expense Reports (will be done in October 2023) together for ease of access if the State would ask to see them.

Please call if you would like any revisions made to the Plan, or if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Justin R. Stark". The signature is written in a cursive style.

Justin R. Stark

## **ONE AND SIX YEAR STREET IMPROVEMENT PLAN 2024-2029**

### **THE CITY OF SPRINGFIELD, NEBRASKA**

In 1970, the State of Nebraska initiated a program developed to provide an integrated system of public roads for the state, counties, and municipalities. The Department of Transportation and each county and municipality develops a long-range Six-Year plan of highway, road and street improvements.

The Six Year plan is required by law to be extended annually and kept on file with the City Clerk.

Along with the Six Year plan, a One Year plan shall be annually prepared and placed on file with the City Clerk for specific highway, road and street improvements for the current year.

These plans must first be approved and adopted by the Governing Body after a public hearing.

The 2024–2029 One and Six Year Street Improvement Plan includes the following and is described in more detail on the following pages.

- A. The One Year Street Improvement Plan for 2024 consists of two projects. These projects contain approximately ten blocks of street paving. The total estimate for these projects is \$1,870,000.
- B. The remaining three projects on the Six Year Street Improvement Plan for 2024-2029 consist of approximately eleven blocks of street paving. The total estimate for these projects is \$1,297,000.

The estimated cost of all the projects is \$3,167,000.

- C. A location map and a summary of the individual projects and their estimated costs are included in this report.
